-- Listing Service Policy --

Rockyfield is an independent real estate broker established by a business professional with years of corporate management experience. Our philosophy is to always place our customer's interest first. Our profit and satisfaction follow only if we can provide excellent services to our clients. In real estate transactions, there are many parties involved. Therefore, it is extremely important for you to have an unbiased agent who work and give advice only for your best interest. In servicing sellers, we make a commitment to the following:

Immediate Listing on the MLS: We upload a listing to the MLS (Multiple Listing Services which is effectively the real estate market.) on the day as instructed by the Seller. We believe it is the best interest for the Seller to expose the listing immediately to thousands of real estate agents rather than to a limited number of selected agents. In short, we are not constrained by the large organizational rules.

Communication: We believe good communication is what our customers appreciate most.

- A written weekly progress report will be provided even if nothing significant happens.
- We also keep the seller informed by phone of any new development as practically as possible.
- If you do not hear from your listing agent for more than five business days without prior notification and your consent, please contact our principal.
- We disclose any existing or possible conflict of interest we may have upon becoming our knowledge.

Strategic Marketing Plan: We will furnish you with a strategic marketing plan after consultation and agreement with you. This process will include:

- Analysis of the market condition and estimate of the market value of your home, using an appraisal method that is similar to the professional appraisal standard.
- Profile of your house to determine where and how to position in the present market.
- Determination of target buyer profile.
- Creation of the crucial marketing message for your house.
- Tactical level action plans which may include, but not limited to:
 - Superior photograph presentation;
 - Possible repairs and improvements;
 - Working with other realtors to maximize the possibility of selling your house;
 - Rockyfield web promotion.

Handling of Offers: We present you every offer we receive as soon as it is practical.

- We will give our objective opinion of those received offers for the Seller's best interest.
- Given our strong financial analytical expertise, we provide useful advice on Buyer's financial status.

Monitoring Escrow: Many troubles in escrow can be avoided or efficiently dealt with by close monitoring.

- The listing agent will conduct proactive monitoring of the escrow progress, checking what they are awaiting or if there is any obstacle or a sign of problem, and we will take an immediate action to rectify or resolve them before they become serious. Frequency of escrow contacts will vary depending on the stage of the escrow process.

This Seller Service Commitment applies to an exclusive right to sell agreement only. If any statements, terms and conditions herein are prohibited by law, they are deemed to be void and have no further effect. In the event of a breach of this policy, within 5 business days of such occurrence, the seller shall notify the principal of Rockyfield. If such breach is not corrected or cured within 10 business days from the seller's notice to the Rockyfield principal, the seller may terminate the exclusive right to sell agreement as a sole and exclusive remedy and no further liability shall be warranted. Our acceptance of such termination shall be possible only before the seller's acceptance of any offer.
